If you are still on island and are unable to care for your pet, you must return to OAARS. If you and your pet have left Okinawa and you become unable to care for your pet, what provisions will you make?

Other:

Are you willing to have an OAARS representative visit your home where the pet will be living? _____

Once placed, an OAARS Representative reserves the right to: (1) check on the pet to ensure its well-being, and make sure the pet and family have adapted to each other; (2) remove the pet from the home if any conditions of the adoption contract have been violated, or if the environment is determined to be unsafe. Will you agree to this? _____

Will you agree to periodically send updates/pictures to OAARS to let us know that the cat is doing well?

Will you respond to emails from OAARS inquiring about the pet, even a year or two after adoption?

It's OAARS policy to collect the adoption fee and contract at the beginning of the adoption. If the animal is returned within the first 24 hours you will receive a 100% refund, if the animal is returned after the first 24 hours but before the end of two weeks, you will receive a 50% refund. If you return the animal after the first two-weeks, you will forfeit your adoption fee. Do you agree to this policy? _____
